ClinVar P/LP vs B/LB
(≥2 stars, 45% P/LP)
Assay labels, part A
(one variant per residue)
Assay labels, part B
(one variant per residue)
Platt scaling: common
score scale $q(s)$
Per-class thresholds
(miss rate $\leq \alpha$)
Certify likelihood ratios
(exact, simultaneous)
Calls: LoF, functional
or abstain, each type
with a certified LR
for the assay outcome
